Information for Parents and
Carers

Be Safe this Summer

Summer Issue

Does your child or children use one of these?

X-Box

Iphone

Ipad

Play Station

Nintendo

Smart Phone

Tablet

Club Penguin

Facebook

Skype

Our children use various devices such as smart phones, tablets, computers, gaming machines to play games, research, homework, talk to friends / family and generally investigate.

It is our job as parents and educators to protect children from inappropriate material online.

Please ensure the settings on the device has parental settings turned on.

For specific details on how to turn these on please see your class teacher who will be able to get this information to you or ask to speak to Mr. Brazauskas our ICT technician.

Hector Protector

Within school we promote 'Hector Protector' to keep us safe whilst on the computers. To use Hector Protector at home, simply download the FREE file from:

<http://hectorsworld.netsafe.org.nz/teachers/hectors-world-safety-button/>

Once downloaded Hector will simply swim on the screen and if something pops up that causes concern to your child, they click on him and the screen is covered. An adult can then investigate

Parental Controls on your TV

Do you need help putting on parental locks on services on your tv? The following websites will give you guidance on how to set it up correctly:

BBC iPlayer <http://www.bbc.co.uk/iplayer/guidance>

4OD <http://www.channel4.com/programmes/resources/parentalContent.html>

ITV Player <https://www.itv.com/itvplayer/help/faq/11>

SkyGo <http://help.sky.com/articles/set-up-parental-controls-for-sky-go>

Internet Access

www.saferinternet.org
