

How should I teach Maths at home?

How is Maths taught at the Ferrars Academy?

Thursday 27th September

Dear Parents/Carers,

Reception –Maths lesson Tuesday 9th October 2-3pm

We are inviting parents/carers to come into school and watch a Maths lesson on 'Number' being taught to a group of children. Many parents often ask how Maths is taught at our school and how they can support their children at home. So to help, we thought it might be beneficial to invite parents in to see an actual lesson being taught.

As you can imagine, no younger children are invited so please make appropriate arrangements.

Thank you and I hope to see many of you in the classroom!

Miss Stevens

Maths Leader
