How to use

The Early Years Foundation Stage Framework (EYFS) sets out the learning and development stages for children as they grow from birth to five years. For those working in the early years - whether in a nursery, pre-school, a childminder or in a reception class in school - the EYFS outlines what they need to do to support your child.

We want to know more about your child before they come to us in Nursery at Ferrars Academy. Children can be very different at home to how they are at school. Sometimes they can do things at home that they just do not display in the school environment, for whatever reason.

Please take some time to consider the statements on the next page. If you know that your child, **independently**, does any of the statements **consistently** at home then please highlight the statement. This will give us a guide as to the kind of things we can expect your child to be confident doing and provide learning opportunities that will meet their needs. We will also be assessing your child throughout their time with us which will also inform our planning.

We look forward to continuing to work with you to ensure that your child reaches their full potential.

What does your child enjoy doing?

Eg, playing with trains and has a blanket comforter that he likes to hold in new situations.
